Risk Assessment InnOvation for low-risk pesticides

RATION Webinar Series

The project RATION has received funding from the European Union's Horizon Europe Research and Innovation programme under Grant Agreement No. 101084163. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Research Executive Agency (REA). Neither the European Union nor the granting authority can be held responsible for them

The project RATION is organizing a webinar series where the results of the project will be presented to the members of the stakeholders' forum and openly to other scientists from regulatory bodies, industries, consultants and academia. The webinars will be organized every 15 days at 13.00 pm and will involve presentation of the results by one of the Principal Investigators of the project followed by Q/A session. The webinars will be recorded and uploaded in the Stakeholder Forum portal where people could watch them.

Program, Titles and Speakers

June 10, 2026 - Bioinformatic tool set for microbial pesticides risk assessment - Gunter Brader, AIT, Austria
